Parental Circular

Mapping of COVID affected children by Directorate of Education

Dear Parents

We hope and pray that during the ongoing Covid19 pandemic all your family members and dear ones are well and taking all preventive measures like social distancing, using masks etc. to fight the same.

Online Classes have been resumed on 10 June 2021, after the scheduled Summer Vacations ended, however as Teachers and Students rejoin classes, details of the devastation caused due to the last Covid wave are trickling in. With folded hands, we pray to the almighty to give strength and fortitude to all those who have lost family members during this pandemic. Together, as a close knit family, we must strengthen our connections, pray for the bereaved families and stand by them in these trying times.

The Department of Education, NCT Delhi, has sought information for 'Mapping of COVID affected school children who have lost a parent or both parents to this pandemic'. The school has prepared a Google Form for collecting the required data which can be accessed through the link given below.

The extended SPS family stands with all those going through the difficult times.

With warm regards

Principal
