PARENTAL CIRCULAR INTERACTIVE SESSION - CLASS IX

Dear Parent

Greetings of the day!

Our students of Class IX are at an important threshold of their life which will determine the course of their future studies. At this juncture, it becomes our prime responsibility to equip them in every possible manner to chalk out their forthcoming prospects. Keeping in mind the constraints of a Virtual Classroom, we are constantly renewing academic avenues to enhance the performance of our students.

CBSE has already issued broad directives for the Comprehensive Assessment Policy it plans to implement for Secondary classes. As per the new specifications, Internal Assessment, Projects, Portfolios, Subject Enrichment Activities and Practical Work will form a consistent and integral part of the Final Assessment process. Attendance and Class Assessment too are extremely important. All these issues need to be taken up comprehensively so that students can be made aware to realize their importance. CBSE has clearly specified that the evidences of all the assessments are MANDATORY. Therefore, it becomes imperative for us to instill the importance of all these assessments in the minds of our students.

In order to EXPLAIN the new assessment structure you are cordially invited to an Interactive Session with Principal Dr. (Mrs.) Ravija Prakash as per the given schedule:

Date : Saturday, 7 August, 2021
Time : 10:00 a.m.
Online Platform : Social Science Subject Card of your ward.

Kindly attend it along with your ward.

Best regards
