As per directions in the above circular, since last year, we have been working with HumanQind Design Foundation, an NGO, in creating a model Safe School Zone outside our school. Over this period, we have identified gaps, aimed for data collection, co-designed safer school street environment with students, parents, and staff, and developed an action plan. The first three stages of planning and co-design can be viewed on the link https://youtu.be/GtmigiN_CiU

Your inputs have been evaluated and put together in a proposal for the school zone. Now in Stage IV the hard work put in by the Road Safety Club and Co-designers /Students/ staff/ parents the entire school community and beyond will be showcased in an exhibition scheduled as under:

Date	Saturday, 12 August 2023
Time	9:00 a.m. to 11:00 a.m.
Location	School Badminton Court

The exhibition will showcase the co-designed street models created by Class VI students (Batch 2022-2023) along with 10-15 panels (36"x 72") covering the project, school-related information and the proposed vision plan for the project.

We invite you to the Safe School Zone Mela that will celebrate the efforts of the school till now. Your presence at the exhibition is crucial as it will allow you to gain insights into the efforts made towards providing a safe space for your children. We encourage you to actively participate in the event, ask questions, and share your valuable feedback to further enhance our safety initiatives.

Also keeping the spirit of democracy alive, we would ask for your votes for the plan.

We take immense pride in creating a secure and nurturing learning environment and believe that this exhibition will offer you a deeper understanding of our commitment towards your child's safety.

Thank you for your continued support and trust in our school. We look forward to seeing you at the Exhibition and working together for the betterment of our students.
